

Project Name:

**Sustainable Cities Project II – Additional Financing (SCP II-AF)**

Sub-Project Name: Consultancy Services for Design Review and Construction Supervision for Atabađı Municipality Solar Power Plant (SPP) Project (ATABAGI-C1)

Ülke: **TURKIYE**

Contract No: ATABAGI-C1

Awarded Proposer:

**OPTİMAL PROJE YÖNETİMİ VE İNŞAAT SANAYİ TİCARET A.Ş.**

Address: **Kısıklı Mah. Hammseti Sok. No:51 Üsküdar/İSTANBUL**

Contract Signature Date: **22.09.2025**

Procurement Type: **Consultant’s Qualifications Selection (CQS)**

Contract Amount: **142.288,00 EUR**

Contract Period : **517 Days (after the Effective Date)**

**Scope of the Services:**

The sub-project is for an unlicensed solar power plant project with an installed capacity of 897,00 kW-AC/ 1.121,25 kW-DC), which is given in Connection Agreement, belonging to Atabađı Municipality. This project will be regulated under Regulation on Unlicensed Electricity Generation (Article 5-1(c)).

The forecasted energy production of the plant with 1.121,25 kW-DC / 897,00 kW-AC (DC:AC ratio of 1.22, producing energy of 1.901 kWh per year thus meeting an estimated 100 percentage of the subscribed demand.

The main objectives of the assignment are to provide design review (screening) of the project design prepared by the DSI Contractor, carry out construction supervision services, and supervise the remedial works to rectify defects that arise during the Defect Liability Period (DLP).
